

Villeroy & Boch Subway 2.0

The Villeroy & Boch bestseller Subway is already a firm favorite with designers, architects & those who simply want to lie back & enjoy the moment. The high-quality ceramic collection with its own furniture programme boasts a timeless design, technical innovations & a variety that offers something for every taste. The new Subway 2.0 provides an expansive range of up-to-date products suitable for any situation. See the new range in our display areas.

Duravit Onto-for homes & hotels

Designed by international architect Matteo Thun, the new Onto range combines different surfaces with the best in ceramic design. The new concept of installing the basin first & then the console surface, makes for an easy install & easy cleaning & maintenance. A wide range of surfaces & storage options makes this new range totally universal for private & public use.

Exclusive display ranges

New-the latest in Villeroy & Boch tiles!

With over 75 different ranges of tiles for bathrooms, kitchens & the rest of the home, Villeroy & Boch launches two new ranges. Memoire Oceane with its stunning white, black & gold finishes with textured 3D patterns & Boudoir, a range of black & white tiles in high gloss finishes with mirrored surfaces. All tiles are made with the same precision as all Villeroy & Boch products & look stunning in any room. See our extensive displays in store.
